

Congratulations on your decision to take the journey to Diana Lake Lodge in the Nunavik region of Canada. I have been fishing in the area for over fifteen years and always have a wonderful time.

My name is Dan Legere, owner of the Maine Guide Fly Shop in Greenville, Maine. Joe has always instructed his guests to purchase several flies for the trip to the arctic, so I assembled a selection of flies specific to the area that will certainly catch fish. This collection of 36 flies is my favorites for the region:

BROOKIES, LAKE TROUT & PIKE

6 Wood Special #6	3 Diana Muddlers #4	3 Olive Maribou Muddler #4
4 Footer Special #4	2 Hair Mouse #2	2 Rusty Rat #4
3 White Wulff #8	3 Royal Wulff #8	3 Lime Wulff #8
3 Adams #12	2 Purple Egg Sucking Leech #2	2 Capelin #4 (8x)

When heading north to fish, we all go for the big brookies, but treat yourself and try for the pike. I have personally caught several over twenty pounds on a fly rod and the strike is unbelievable.

This entire fly collection comes in a Plano Stowaway case, which is clear and adjustable to create up to twenty-four compartments (dimensions are 13 3/4 inches x 9 1/8 inches x 2 inches). This entire case may be purchased for \$100 and will be delivered via priority mail. To order, please call 207.695.2266 or order online at <http://store01.prostores.com/servlet/maineguideflyshop/Detail?no=241>

I always take as many flies as possible on any trip and this collection is specifically tailored to Diana Lake and the Nunavik region. This is all you will need to hook lots of fish.

Good fishing!

Dan Legere
